Incidents involving negligence, unauthorised drivers or driving under the influence	✗ Not covered	✗ Not covered	✗ Not covered
Damage or theft of rims and hubcaps	✗ Not covered	✗ Not covered	✗ Not covered

Optional add-ons

Add-on	What it does	Good to know
Tyre & Glass Waiver (TGW)	Covers repair or replacement of tyres (punctures, blowouts, pothole damage) and glass (windscreens, windows) from normal, lawful use - with no liability payable.	Limited to one tyre and one glass item per incident. More than that in a single incident is treated as an accident claim under your main waiver. Rims, hubcaps, mirrors and lights are not included. Already included in Full Cover, without the one-item limit.
Third-Party Liability Protection (TLP)	Removes the R20,000 first amount you would otherwise pay if another party claims against Woodford for damage your rental caused to their vehicle.	Must be purchased at the start of the rental. The R20,000 first amount applies on every cover level - including Full Cover - unless TLP is added. Charged only if a third-party claim is actually received.
